

- The following letter was sent from Rocky Springs, Tennessee on July 11th to Mr. George V. Fulps, White Road, Forsythe County, NC.

State of Tennessee, Grainger County July the 3 day 1853

dear brother

I take [my pen](#) in hand to inform you that I am well at this time hoping these lines may find you and yours well. I have nothing strange to write to you only this I think very strange that you have never wrote me a word since the death of my father I should be very glad to hear from you all and to hear how he has got all my fathers living + I got a few lines from brother William W Fulp some time since but he wrote nothing about matters there at all. he just abused me in every word he wrote he told me the last word when I was there that he would be my friend until death but I am glad what he wrote about so # my father give me a horse when I was there and he gave me a claim in writing for 250 dollars more after his death he told me he had made and would make some arrangements [with to](#) pay me the money he also told me that he had left you and W Fulp more than a one thousand dollars a piece dear sir please write to me soon about the matter

I am still a son of temperance yet and live three miles from Bean Station Send your letter to that place I want you to tell Mr Camell to write me a letter soon and Mr Dawson to write me soon and tell [big](#) W Fulp to write to me

give my love to all my Sisters and babe also I have not seen sister Sintha in about two years but I heard the other that they were all well as I live some 30 miles from them

Yong Solomon Fulps has been sick a long time and is likely to die now as he is dead I heard a few days ago that they were looking for him to die every day and I hear that Aguston Fulps wife died a few days ago.

write to me soon

yours respectfully

Michael Fulp a poor man forgot to George V. Fulp
